RAPID ONBOARDING & ENTERPRISE ASSISTANCE

Get Your Voice Assistant Live Fast

No complicated IT projects or weeks of onboarding. Set up your AI assistant and start taking calls today.

STEP 01

Share Your Business Info

Type your clinic or business services, doctor hours, or product prices. You can also upload an existing price list or speaking notes.

STEP 02

Link Number & WhatsApp

Connect your existing business phone number or get a dedicated business line. Add your WhatsApp and UPI ID to receive payments directly.

STEP 03

Make a Test Call & Launch

Call the assistant from your mobile phone to hear how naturally it speaks. Once you're satisfied, turn it on to handle real incoming calls.

OUR COMMITMENT TO YOUR BUSINESS

99.9% Uptime Guarantee
Engineered so your customers never experience busy tones or unreachable lines.

Dedicated Customer Support
Direct assistance via WhatsApp or phone call whenever you need changes.

Continuous Enhancements
Your AI assistant improves automatically with new features and refined language models.
