AI VOICE ASSISTANT & IN-CALL COMMERCE PLATFORM

The voice assistant that actually runs your business.

Answer every customer call 24/7 in natural Hindi, English, or Hinglish. Take appointments, manage customer orders, send official GST invoices on WhatsApp, and collect UPI payments — all while talking on the call.

24/7 SMART VOICE CALLS

ZERO MISSED CALLS

Speaks like a warm, knowledgeable member of your staff. Responds instantly with natural pauses and handles conversations effortlessly without robotic delays.

SPEAK TO UPDATE BRAIN

NO TECH NEEDED

Teach your AI anytime by speaking into your dashboard: "Doctor won't be in today after 4 PM" or "Apply 10% festive discount". The bot updates instantly.

IN-CALL GST INVOICING

WHATSAPP + UPI

The moment a caller agrees to a service or order, a branded GST tax invoice and instant UPI QR code are sent directly to their WhatsApp while they're on the line.

PAYMENT SCREENSHOT CHECK

AUTO RECONCILE

When customers send payment screenshots on WhatsApp, Vaakriti automatically reads the transaction ID (UTR), marks the invoice as paid, and alerts you.
